

Lucas Mannes

Lucas graduated from G.W. Graham high school in 2012 before playing collegiately at Briercrest College and Trinity Western University.

More recently, Lucas spent the 2018-2019 seasons playing basketball at the University of Calgary after transferring from TWU following the 2016 season. While at the University of Calgary, Lucas helped lead the Dinos to back to back Canada West Championships. In 2018, Lucas was a major contributor in U of C's historic run to their first ever national championship title. This included a crucial 19 point performance in the quarterfinals to get past the University Of Brock, and two three pointers in the final 3 minutes of the championship game against the Ryerson Rams. In 2018/19, Lucas was part of the University of Calgary's first ever undefeated season. The Dinos went 27-0 on their way to another Canada West Championship, and a silver medal at the national tournament in Halifax. In both seasons, while competing at the highest level of Canadian University basketball, Lucas was recognized as an Academic All Canadian for his excellence in the classroom.

Lucas has a passion for helping young basketball players learn the game in a fun and competitive environment. But more than anything else, Lucas enjoys coaching because of the relationships that come with it, and is passionate about helping people become the people they were meant to be; both on and off the court. Lucas served as the Youth Pastor at Southside Church from 2019-2022, helping students from all over Chilliwack grow and develop their character in a positive and encouraging environment. He is excited to bring these same principles to BC Bounce Chilliwack to continue to foster and develop an environment for young people to grow and thrive!
